Consulting Surveyors

AUSURV PTY LTD COMPANY'S OCCUPATIONAL HEALTH AND SAFETY POLICY STATEMENT

The personal Occupational Health and Safety of each employee is of primary importance to Ausurv Pty Ltd (Ausurv).

The objectives of the Ausurv Occupational Health and Safety Program are to prevent occupational injuries and illnesses and provide for a safe and healthy work environment for all employees. This includes the prevention of accidents/injuries when subcontractors, clients, and community personnel are on Ausurv-controlled job sites. Our goal is zero injuries and illnesses.

In order to achieve this goal, the Ausurv Occupational Health and Safety Program incorporates the following elements:

1. Develop and enforce Occupational Health and Safety procedures and safe work practices and ensure that employees adhere to them as a condition of employment;
2. Provide training pertaining to state-of-the-art Occupational Health and Safety practices;
3. Provide necessary personal protective equipment and training for its use, care/maintenance, and storage;
4. Conduct periodic and scheduled inspections by supervisors and Occupational Health and Safety personnel to identify and control unsafe acts and unsafe conditions;
5. Conduct investigation of accidents and near accidents to determine the cause and provide corrective action. Communicate information from these investigations to all company locations.

These *Safe Work Practices* deal with general Occupational Health and Safety policy and procedures at Ausurv. The purpose of the *Safe Work Practices* is to set a foundation for all employees to act responsibly toward themselves, their fellow workers, clients, and subcontractors and to apply safety-minded, clear-thinking practices while conducting daily work activities. Ausurv recommends that employees challenge all unsafe work practices and conditions and act responsibly and positively to eliminate them.
